

Changes to school uniform

You may remember that we sent home updated information in the Autumn term regarding school shirts. From September 2014, children will only be permitted to wear **white shirts or polo shirts** (with a collar). Children will no longer be able to wear blue shirts after this term.

We delayed the changeover to give parents a chance to use up any existing shirts, rather than have to go out and buy new ones straight away. Please remember when buying uniform that blue shirts will not be permitted from September, so it is probably best to buy white shirts from now on. White shirts can be bought from our supplier or from most clothes shops/supermarket.

The other change made was to PE shirts. From this term, all children in KS2 will wear a team coloured Glade PE t-shirt. We are supplying all children in KS2 with their first shirt free of charge. Replacement and extra shirts can be bought from our supplier. Once your child has their new PE t-shirt, no other t-shirt is permitted for PE. When it comes time to replace it, you can order from www.schooluniformsplus.co.uk

Please note that children in Reception and KS1 will continue to need a plain white t-shirt for PE, but will be supplied with a coloured t-shirt when they move into Year 3.

Parents' Forum

All parents are invited to the next meeting of our Parents' Forum at **9.00am on Wednesday 30th April**. Based on feedback from 2 parents regarding the way we praise good attendance I would like to get more feedback from parents on how we could improve what we do.

Clubs

A list of after school clubs came out at the end of last term. Club sign up will be **tonight** after school. Please come to the school hall at **3.15pm**, where you will be able to sign up for a range of sporting and non sporting clubs. We will not be including the lunchtime clubs this time, and will let children attend on a first come, first served basis each week.
